

Shannon Mercer

Accounts Payable / Accounts Receivable

EMPLOYMENT WRL General Contractors, LLC
2016- Present AP/AR

EDUCATION Tyler Junior College

Shannon is an accomplished Accounts Payable professional with strong problem resolution capabilities. Although she has only been at WRL for a short time, Shannon thrives in our challenging, fast-paced office. Shannon is an essential part of all projects and daily activities at WRL. She prepares the monthly reports and daily updates for all construction A/P and tracks lien waivers from our subcontractors to verify funding from our title company. Her duties and responsibilities reach far beyond accounts payable duties. She checks and organizes all invoices and subcontractors' pay applications per month as they relate to the job. In addition, she manages and documents subcontractors' supplier costs and third tier supplier releases related to these costs. She then assists the Project Managers in creating pay applications to the owner each month.
